PROFILE

Versatile and proactive professional with a background in music and animation, currently working in Product and expanding my skills in Fullstack Development. A fast learner with strong communication skills and a collaborative mindset.

WORK EXPERIENCE

Tabit Technologies 2021 - PRESENT
Business Analyst

Planned and prioritized new product features while managing bug resolution and version release cycles. Conducted manual QA testing to ensure product quality and user experience standards. Collaborated with development teams to define requirements and deliver iterative product improvements.

Shaffa Bar 2019 - 2021
Waiter / Bartender / Manager

Serving customers as a waiter and bartender, and overseeing operations as manager. Gained comprehensive hospitality experience across all service areas while developing team work and customer service skills. Adapted to various responsibilities and peak-hour demands in a dynamic bar environment.

Italkiya in the Flea Market 2024 - 2025
Host

Seated guests while managing reservation systems and wait times to optimize dining room flow. Coordinated with kitchen and service staff to ensure efficient table turnover and guest satisfaction. Developed strong organizational skills while handling high-volume guest interactions and resolving seating conflicts.
